“ Carson was a mentor to me as I began my profession in the Biomedical field. Carson was a very caring and good friend. After working with him at St. Mary's for about 7 years in Rogers, AR, we lost touch with each other. This announcement saddens me that such a wonderful person has passed. I hope and pray for his family as they come from such a distinguished gentleman father. I learned many things from Carson professionally as well as socially. He will be missed and has been as I am just now becoming aware of his passing.

“ Dear family - I just wanted to say that Carson was one of the "special people" in my life. I worked at Garrett Goss Clinic in Bentonville for 16 years. Angela Larue and I use to call Carson and invite him out for lunch and say "you do have something you need to fix out here, right?" It was always a pleasure to just sit and chat with Carson. He loved his kids and grandkids and you could always tell that. He is going to be missed.

“ What a delight it was to come in to work and see Carson's bright smiling face. He always had a kind word or good story to tell me and we would just laugh until our cheeks hurt.

“ I am a classmate of Carson's and had not seen him since graduation. I am so sorry for your loss. Carson was so nice and such fun when we were in school. I always forget Frances is his sister and should have asked her where he was and what he was doing - but... too late now. May God be with you at this time.
