“ I just found out today that Donnie passed. I would have been at his visitation if I had known. Donnie called me periodically and we discussed his dog Queenie and our children. He has called me Princess for about 30 years. He was always fun to talk to and I will miss him. I am so sorry for his family and friends left behind.

“ I remember a tow-headed boy sailing rocks at us girls, and us thinking there was no way in the world he could hit us from that far away. Boy, were we wrong! He had an arm on him, and was tougher than a pine knot, running those hills and handling Old Rhody, the mule, without a saddle!! He was quite a character; sometimes I felt inclined to strangle him! But I knew if I ever needed him to help keep my husband in line, he'd come to my aid in a New York minute because he told me he would. As I thought of him today, I was saddened that he was so young, but he did a lot of living in those 69 years! Cousin, my heart goes out to you as I bid you farewell, in hopes we can meet again. As always, Vicki

“ I've been thinking about Donnie ever since my neighbor John Lowe called me and told me he had pass on. I'm his first cousin and have stayed close to him and visited with him weekly . He always looked after my place and I in return helped him with whatever he needed. I will miss his big bear hug and his generosity. God bless you Donnie . You can Rest In Peace now. Amen
