“ Hey Uncle Danny. I know I haven't talked to you in a while, like I used to with my notes. I also didn't know this was online or I would have been doing this sooner. I love and miss you a lot, and I know Kris does too. Oh my goodness, does he look like you. Waden and him both do. Im sure you've seen the problems that they both have been having, and I've been trying to be there for Kris as much as I can. I've got a daughter who turned 1 today ( 11-20-19 ). She's so perfect and amazing. She has one hell of a personality, and man is she strong willed, and hard headed. I wonder who she gets it from... I really wish we knew what had actually happened the days before, and the day of and what all went on and what was going through your head. I really do. I wanna know why Waden turned out this way, and I wanna be able to talk to Kris when he's ready and really let him know and assure him and hopefully help him get past this and heal as much as possible. I know you loved them boys like nothing else. Well, I'm gonna go for now, but ill write again soon. I love you
