“ Dear Heidi, I saw you a number of time when you were little. I loved my friendship with Evelyn which lasted from San Antonio to El Paso and then we lost touch after one last phone call. I looked for her for years, I missed her for so long. Only today did I find her finally. We had an immediate rapport and lots of fun. She always inclined her head toward me when we visited and one day I said I thought it was such a touching gesture and she laughed and said she couldn't see out of one eye. I'm so glad I knew her. Her friendship was one of my favorites of all time. Peace to you.
