

Frances Parker

January 4, 1943 - May 11, 2024

Frances (Duncan) Parker of Huntsville, Arkansas passed away peacefully May 11th, 2024 at Circle of Life Hospice in Springdale.

Frances was a business owner for many years of Astro Jet Marine in Olathe, Kansas, and Davis boat sales in Tyler, Texas. She eventually left the business world and moved back to Arkansas to be closer to her family in 2007. She loved her family and regularly attended Harmony Baptist Church, where for many years she listened to her brother, Bo, preach. She enjoyed reading for endless hours, and was known to tune in to fishing tournaments and weigh-ins on Outdoor channels. She was always ready to end any gathering with a good card game. She loved to travel, and was able to visit many countries in her lifetime. Frances had more stories than Walt Disney, and loved to share with whoever wanted to listen. Her smile, laughter, and sense of humor will be missed by all.

Frances was preceded in death by her late husband Gene Parker; her parents Odis and Rosa Duncan, of Georgetown; two brothers, Charles "Bo" Duncan and Glen Duncan, both of Georgetown; one sister, Norma McCoy, of Huntsville; and one niece, Sherry Coy, of Berryville.

She is survived by two sons and one daughter-in-law, Danny Warren, of Huntsville; and Donnie and LaDonna Warren, of Elkins; six grandchildren,

Chace and Kallie Warren, Brennan and Paige Warren, Brooklynn Warren, Tyler and Karmon Costner, Ashley Warren, and Lauren Warren; four great-grandchildren, Mary Kate Warren, Brynn Warren, and Charlotte and Norah Costner, as well as numerous nieces and nephews.

Funeral services will be 10:00 AM, Wednesday, May 15, 2024, at Drakes Creek Regular Baptist Church with Kevin Holloway officiating. Pallbearers will be Chace Warren, Brennan Warren, Kyle Hayes, Justin McCoy, Eric DeMeyer, and David Duncan. Interment will immediately follow services at Drakes Creek Cemetery. Services are entrusted to Brashears Funeral Home and Crematory of Huntsville.

“ *Frances was a neighbor for a few years. We managed to get into scrapes once in a while, such as calling the fire department to Ruby Tasseys house because we saw “smoke” coming under the eaves. Of course, about the time the fire trucks arrived, Jack Warren arrived and told us he was fumigating Ruby’s house. The firemen had come down College from the square and from the north end and down Swamp. Took a while to get them all gone. Loved France, Marlo, and the boys.*
