“To know him was to love him. "I have many fond memories of Uncle Fred. Uncle Fred, Aunt Louise, cousins Tammy and Freddie would come visit me and my parents in KC , Mo area through the years. I looked forward to their visits. We would go out to eat. Go shopping and do things around KC area. I loved to visit Grigg's Furniture Store in Springdale , Ark as a child growing up that Uncle Fred and Uncle Eugene owned and ran . I would explore the store as the grownups talked. It looked so big and smelled like new and clean. I would sit in every piece of furniture I could. Fred would give my Mom furniture cloth samples that Mom would turn into beautiful hand made quilts and projects. I always thought Uncle Fred resembled Andy Griffith. I bought him a hat with Andy's face on it. He loved it and laughed .He wore it and grinned. He always remembered my Birthday and would call me many years. That meant alot to me. In conversations he always asked how the Family was. He loved and cared about all the Family. He was the "Social Butterfly" of the Family. He made it a point to stay in contact with all siblings, nieces and nephews. He always knew what was going on with all the Family. That's because he loved and cared about all of us. He loved to drive and travel and went on many Vacations. The job he got in later years of transporting cars fit him so well with his love of driving. In later years Fred would come to KC area with his wife Aunt Laura. We came to know and love Aunt Laura very much. I saw the love that they had for each other. They were happy together. It was cool that Aunt Laura and I shared the same name . He was a caring and loving Uncle who will be missed dearly by his Family. His favorite saying as we would say our goodbyes was "I'm so proud you got to see me". Uncle Fred , I am proud to be your niece. Until we meet again, your niece Laura Lynn Zimmer formally Laura Lynn Grigg

“ There is a saying , they made the world a better place just by being here. That is exactly how I felt about my Uncle Fred. I remember when I was diagnosed with Thyroid cancer, he made it a point to be there. He also always tried to call me on my Birthday every year. Its funny how small gestures or actions are what impact our lives the most. I know he not only touched my life, but many that knew him. You will be greatly missed.I

Love you, your niece Kathy
