“ I worked with Jim at Harts Family Center for 5 years, during the early 1980's. He was always kind and fair-minded. He was a wonderful boss to work for, especially because I was in High School and he never treated me as a teenager. I was given a lot of responsibility and that made me work even harder. One winter Eureka Springs had a 8 inch snow and the only way i could get to work was to walk, which was around 2 miles. I only had rubber boots, which only kept my feet from getting wet, not warm.. After finding out I had walked to work, Jim came to pick me up in his truck, until the snow melted. That was very kind and above his paid grade. I know he will be missed by ALL who loved and knew him.
