“ Back in 1962 when I was a first year apprentice at GE, Jim was the first tool maker I was assigned to. I will never forget his patience with me and all he taught me about building dies. He helped me feel comfortable and was always available as long as I was at GE to answer questions and give me great advice. I always thought so much of him, what a great teacher and example he was. He was responsible for helping me start on a success career in the tool and die business.

“ Dear Carol, Karen, Pam and family,  
I was so sad to hear that Jim has passed away. He has made it home and has met his Saviour face to face. It is a time to rejoice but I know it is hard to give him up too. Last time I saw him was at the Senior Center. Carol was playing pool with him and they were having a blast. Carol, I can't imagine you without him but with God's help, I know you will carry on. Will be thinking of you all and you are in my prayers.  
Love you, Marie

“ Jim is singing with the angels now, if you listen closely you can hear his voice. He shared his talent with all his friends in times of worship and times of sorrow. We were so honored that he sang at Jeremy's funeral.  
Prayers are with all of you during this time.
