“ *Cronn Family,*

*There are no words to be said to take away the pain of losing a loved one. We can only hope that you all know that Jason is in a far better place and free of pain and suffering. Lean on one another and your network of family and friends in this difficult time of need. I worked with Jason way back in the early 90's installing computers in our fleet trucks all across the US at our terminal locations. I also worked with him 20 years later at our Phoenix location. Jason was always a hard worker had a lot of ownership in his job and rarely complained. He will be missed.*

*Our thoughts and prayers are with you in this difficult time. Bodie Travis and family; JBHT SW Region.*
