“ I met Don just by coincidence, if you believe in them, I do not. We shared a special bond because of a man named Fred Millsap, Fred was Dons uncle, and I was able to , (through another set of coincidences) find a picture of Fred through a stranger who became another friend, I was able to share the only picture upon Gods green earth with Don and his sister Linda. Don and his mom were so interesting to listen to, I would stop by their house sometimes and listen to the stories of a time long past. Great memories of hard times, but amazing times at the same time. In fact, I met Don exactly 20 years from the day I am writing this. There are no coincidences!!
