“ Mikie , you are my dearest friend and I love you very much, losing you has shattered my heart and the tears keep flowing , to think that I won't hear you call me sunshine again saddens me. But you will forever be alive in my memories hidden in my heart. I will see you again one day soon. your Sunshine

“ I am so sorry for your loss. May the words of our loving heavenly Father bring your family comfort and strength during this most difficult time as He promises to bring our loved ones back to life in a perfect world where there will be no more suffering or death (John 5:28-29 & Revelation 21:4).

“ If you don't know already, Mike and I are friends from way back, in 7th grade to be exact. He was and always will be one of my dearest friends. He was such a part of my family and will always be in our hearts. I would say he was like a brother to me but, in reality, I was closer to Mike than any of my siblings. Even though we didn't see or talk very often, we did stay in touch on Facebook and through text messages. And he, of course, came to both of my parents' funerals. We loved him very much and are so very sorry for your loss, and ours. I hope you will find some kind of peace and comfort during this time and moving forward.
