“ Oh my friend this stills my heart. All those years growing up together with fond memories that I have cherished. I don't think I ever saw you angry or mad in my life, that I can recall. You could always lift me up with a smile and you always knew just what to say. All those Elvis shows and movies, you were the only one that would watch with me. Wish we had kept in touch more often but life has a way of doing that. I have missed you so much over these years and our gatherings were few and too far apart for me. I love you, you will be in my heart always and forever. You have meant the world to me.

Your Loving Friend
