“ I met Skyler online about six years ago, and the impact his personality had on me made me into a better person. I've looked up to him like a brother ever since, and through all this time he has constantly checked in on me, and been there for me and my family. I will never forget him, and will always be grateful for how he made my life better just by being an absolutely amazing person. I love you and will miss you for the rest of my life Skyler, and I hope you are happy and at peace.
