“ *Tekneesha was very special to me and it was the greatest honor and gift to care for her needs for the 8 years I have worked at Meadowview. She always wanted to make sure she did everything correctly and never let us down. She was funny and sweet and such a character. I told her everyday that I worked with her that I loved her. Her loss has made an impact on several of us and she will be greatly missed. Thank you for allowing us to know and love her.*
