“ We have loved Tommie and Charlie for many years, and we have so many good memories of her. She would never let Terry forget about how he broke her table, when we were all in high school. I will never forget her coming and staying with me for two weeks, when I had surgery, and the great care she gave me. She was the most giving and loving woman I have ever known. Her gift was serving, and she made a difference in so many lives. Like Becky said the other day, if we could only be half the woman that she was. Knowing that she is in the presence of the Lord, is a great comfort, but naturally, you are going to miss her like crazy, we all are. With much love, Terry & Glenna Dotson

“ *Tommie has touched so many peoples lives. She will truely be missed. I know she has meant alot to my son Chad. She always incourged Chad to keep up his music and she helped him in getting to go to school at Eccelesia College. She never did give up on anything she set out to do. I think of all the kids that she was helping them to learn to play the quitar, they will never forget that. They will be able to carry that with them the rest of their lives. Tommie was a very special person.*
